

natural selection

We've revolutionized plastic with a real innovation that's changing the shape of contemporary living. It's **Ingeo™** natural plastic, an ingenious new material made from plants instead of oil. Choose it today for clothing, electronics, appliances, personal care, your home, garden and new bio-packaging essentials you use everyday. **Ingeo™** is the naturally better choice that's changing the shape of everything.

Ingeo™ innovations are made uniquely from **NatureWorks®** biopolymer.

ingenious materials from plants not oil
